2013 Parade Of Boats

By **Todd Moen**

The 22nd Annual Parade of Boats was a day of changing weather at Centennial Lakes, Rain gave us a 2 hour interruption of boating on the water, but that did not keep a steady crowd arriving to see the boats on display. Overall, the day still turned out to be a success.. We were still able to

place our boats on the water for 3 hours. An impressive display of boats appeared, and I would like to thank all of you for taking the extra effort to include your boats for the event. Many great photos were taken at the Parade of Boats, so this newsletter includes more pages dedicated to the displaying the photos.

August 11, Sunday6:00 p.m- 10:30 p.m.Lighthouse Night

COMMODORE'S CORNER

By **Wayne Snyder**

The Parade of Boats is now history for this year. Participation was down somewhat but

the crowd that stayed during the 2 hour rain, went inside the Centrum building and enjoyed the boats on display.

I was happy that they all didn't just leave when the rain started. The group picture was a great idea and thanks for every one cooperating to get that accomplished. Ramsey was not a well attended event. I spent an hour stuck in non-moving traffic on 169 and finally had to exit for gas and did not get back into the fray. If we are to continue this event they need to have a better launch site for us.

Rick's Hobby Farm event is set for July 13. Arrive when you wish, say 11:00am, and then the boating and picnic can be held when appropriate. Bring something to grill and maybe a salad or dessert to pass. More on this later via E-mail. The Chaska River City event is scheduled for July 27. Time and details are being worked on. Centennial Lakes has been advised about the grass/weed problems on our boats. -Wayne

Note - Bill Uhl has added video camera mounts to his tugboats I encourage you to bring your cameras to the pond.

At the June 18 Meeting

A decision was made to start the remaining summer meetings at 8:00pm to allow time to enjoy and extra hour of boating on the pond. We will return to the 7:00pm meeting time in September or October. -Todd Moen
