Three Pond Race

By **Todd Moen**

On October 11, the 3 Pond Race was held. The wind was very light but increased later in the day, which made it some interesting races. The Fairwind sailboats went first covering all 3 ponds and taking well over an hour to finish, due to the lack of a breeze. Terry Mackey took 1st Place in this race.

The Odom race followed and Adam Koller taking the 1st Place. The last race was larger boats, which only ran on the North and Center pond, due to the walkway bridge still in place between the Center and South Pond. Kevin Kavaney took 1st place in this race. Special thanks to Fred Ferris for being the official timekeeper.

COMMODORE'S CORNER

By **John Bertelsen**

We postponed the 2 and 3 pond races from October 4th to October 11th to see if we

could find nicer weather and were awarded with spectacular weather!! Could have used a bit more wind, but what a fantastic day. We started the Fairwind / under one meter class just after 10:00 in the morning, and after the one meter and over one meter races continued to race on the center pond only until 4:30. The time just flew by, and again this was the most fun I had all year. I enjoy racing on the north pond during the summer, but these multi pond events are just the most fun for me. If you have not given this event a try I would highly recommend it just for the experience. Last year I was not competitive with the front runners, and it was still a blast. There is always someone you can compete with and there is an atmosphere that you don't get during the summer events. We actually had a small crowd following us along the ponds to watch the action. Just a lot of fun. The big surprise highlight for me was the appearance of two Newport 12m boats that Kevin Kavaney had recently purchased. So for the over one meter race we had

the Mighty Mary, Kevin's two boats, an EC 12, and Paul's elegant 10 rater. What a sight! There are openings on the board for next year, so let me know if you would like to get more involved with the club. Also, let me know if you have suggestions for topic presentations or speakers we could prepare for next year's meetings - *John Bertelsen*
