2015 Parade Of Boats

By Todd Moen

The 2015 Parade of Boats weather was perfect with a light breeze and a great crowd along the length of the center pond beside the Hughes Pavilion at the water's edge. There were 98 boats on display.

June – the BIG month for the club, and what a difference from last year.

Instead of intense rain or wind, the Parade took place in perfect weather, and as I write this we have just come back from another perfect summer day at the White Bear Lake Vintage Boat Show. The Parade had a great attendance and the boats on display were a great representation of the talent and variety of boats in the club. One of the visitors remarked “can’t they do this again next month!?” to which the answer has to be NO! It is a whirl wind day for all those that help set up the displays, prepare everything from name tags to cookies for the club’s organization room, bring boats to display, spend the time running their boats on the pond, and are available to interact with the visitors and spectators. This one goes in the record books as a dandy.

Similarly the Vintage Boat event had more visitors than last year. It is a different crowd than the Parade as these people come to see the full size boats and most do not realize that a scale version of real boats exists. For that display we have a great cross section of Dick Walkers exquisite from

scratch boats to my plastic out-of-the-box boats. Expensive in purchase price or time to affordable for all. If you have not taken part in these events I urge you to try it out. No better way to share your hobby.
