JULY 2016

VOLUME 25, NUMBER 7

### WHITE BEAR LAKE ANTIQUE & CLASSIC BOAT SHOW

The White Bear Show was a very hot and windy day. A good crowd was on hand that walked past our yacht club display. The show ended early due to high winds and a storm front moving into the area.

### SCHEDULE OF EVENTS:

**-Open Boating every Tuesday and Thursday 5:00 - 9:00 p.m. and every Sunday 4:30 - 9:00 p.m.-**

July 19, Tuesday .....8:00 p.m.-:9:00 p.m. ....Membership Meeting  
August 14, Sunday .....6:00 p.m.-:10:00 p.m. ....Lighthouse Night  
August 16, Tuesday .....8:00 p.m.-:9:00 p.m .....Membership Meeting

## COMMODORE'S CORNER

By **John Bertelsen**

The summer rolls quickly along with so many events to attend for the boat club and other venues. The saying at our house is once you get to the state fair the year is over, but that saying may need to be revised to include July - heck, maybe all of summer! I missed the first Chaska event with a couple of heart artery stents (the first just before the July meeting and the second just before the Chaska event), but initial feedback is that it has great promise with some fine tuning for next year. I will be coordinating with the City to see if we can improve it for our appearance next year. Up next is Light House Night, my favorite event of the year! We have had great weather to be at the ponds almost all year, with excellent winds if you are sailing inclined, so I am hoping LHN will be the same pleasant evening for all the activities that go on. I hope you can make it for this special night in the park --John Bertelsen

## SEEN AT THE WHITE BEAR LAKE BOAT SHOW

The flying saucer boat. It actually rides on a pair of skis and you steer it by leaning to the direction you want to go.

Just sit right back and you'll hear a tale, A tale of a fateful trip, That started from this Edina pond Aboard this tiny boat. The mate was a mighty sailing man, The skipper brave and sure....

## At the July Meeting By Richard Dahlquist

The July meeting fell on a beautiful evening weather wise with temps in the mid 80's and a nice breeze. There were a good number of boats out on the pond before hand and an unusual number of people in the park. The large numbers of people were due to a "Pokemon-Go" event that was taking place in the park so there were people walking around with their eyes fixed to their phones. That event and maintenance work on the parking ramp behind Chuckie Cheese's pizza made parking interesting. I ended up on the top level on that side and had a bit of a hike. It wasn't my night for sailing either as I had problems with my boat. Still trying to figure out the problem, I first thought I forgot to turn on the receiver but that turned out not to be the problem. Anyway I had to take the long walk of shame to retrieve it.

We had 24 members present with a few new ones in that number. Randal Knox was there although he was new last month. Also new we're Rick Luther, Tom Meyer, and Bert Fisher who is new but wasn't present. Welcome aboard, it's always good to have new members.

John stated that the White Bear Lake event went well although a little hot and with the high winds that day we had damage to one of the canopies.

I reported a while back that we were looking into a shuttle service for the river cruise, John reported that it would add at least \$25.00 each over and above the cost of the cruise so that idea has been tabled. Perhaps we could look at working together to car pool instead. Terry and Julia Moen have taste tested barbeque selections from last year's catering serv-

ice, so we may be going that route for the Drydock Party. Perhaps John Bertelsen could post the menu here as I didn't get it written down. John reported that some e-mail's that he sends out to members have been coming back undelivered. I know he's working on this as I received a "checking for receipt" e-mail from him the next day.

Our next event is this Sunday July 24th in Chaska at the Fireman's park. I reported on this in last weeks meeting reminder. We are scheduled to be there on Sunday the 24th around noon and a show of hands at the meeting indicated a number of people were planing on going. This is actually a 3 day event with many activity's for the whole family so you may want to check it out. After that event will be "Light House Night" on Sunday, August 14th. This is a great family event in conjunction with the Centennial Lakes park and the John Phillip Sousa Band. There is much going on all day with venders and people in period costumes so you will want to come early. The band starts playing around 7:00PM and then there are fireworks after.

John reported that he has a I Max charger that as received has difficult to understand instructions.

Through an internet search he found that the Hitex XI appears to be identical and the instructions much more user friendly so if you also have one and are struggling you might look into that. And last but not least John has a presentation lined up for this fall from the Woodworkers Store.
