# COMMODORE'S CORNER

By **John Bertelsen**

The June meeting proved to be a lively one with discussion of the

Parade of Boats. The consensus was that there were more boats on display and on the water than last year, and of course the weather was excellent! The Captain Jack Sparrow impersonator was a very big hit with the young and old alike. Chris (Cap'n Jack) also had a great time as he was busy all day long. We had two smoking boat demonstrations where water spouting craft try to put the "fire" out (in reality a smoke bomb). Both events were a big hit with the spectators as in the first event another boat got entangled in the line between the smoking boat and the tow boat, nearly sinking the smoking boat (this was the biggest hit) and in the second Todd nailed the smoking boat with the stream from the minion boat and actually put the smoke bomb out!!! There were 132 votes cast for the people's choice award (about 20 more than last year) with the unanimous winner for both adult and kids vote being Dan Lewandowski's pirate style boat - which was just spectacular.

Many thanks to members that volunteered their time to setup and keep the show moving. It actually takes quite a few people to do the setup of the pavilion with tables, banners and boats, set up the chairs along the pond, set up the builders corner special display, do the signing for the pavilion and France Avenue, set up and man the reception desk, get the drinks and snacks for club members and try to keep the schedule on track. Whew, it is quite a day of things happening all day long and I know that at the end of the day I was really happy with how well the day went, but pretty much completely tired out.

There was a conflict in the day and date for the Chaska Fireman's Park event. The schedule has Sunday, July 23rd, which I got from the Parks Department but neglected to check it myself. The correction is Sunday, July 24th. They will have gators or other vehicles to help us get boats and canopies to the set up area, and you can drive on the plaza pavement. The best is probably a combination of drive up, drop your items off, move it by gator to the set up area. We will figure it out when we get there. They would like us there and set up at noon, plan on being there around 10:00 as this is a new event for us and Chaska, so there might be some changes from the current plan. This event is after the next membership meeting on July 19th so please let me know by the July meeting if you are planning on attending the Chaska event. - *John Bertelsen*
