

JUNE 1994

VOLUME 3, NUMBER 6

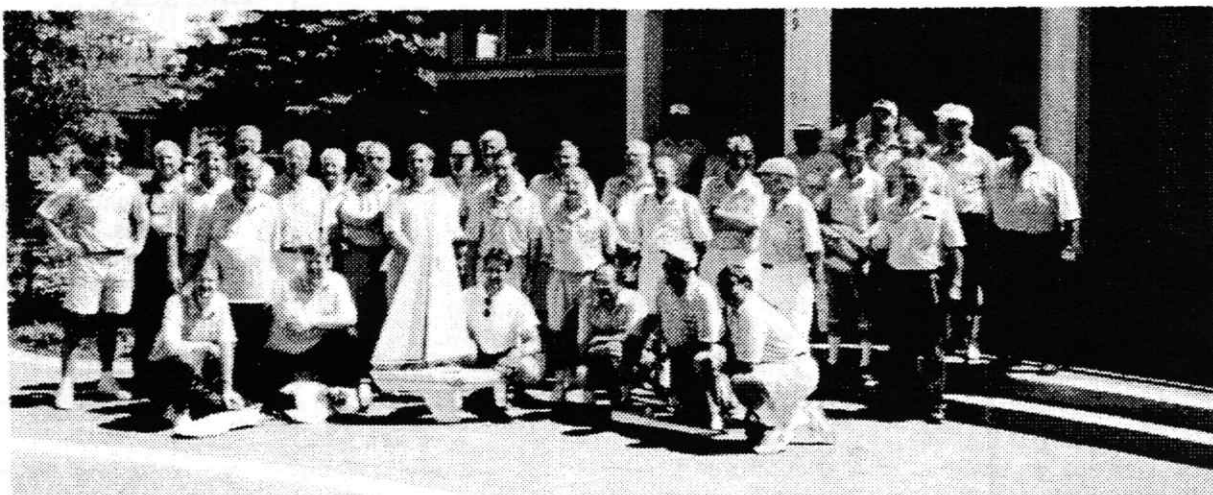

NEW MEMBERS

The Edina Model Yacht Club wishes to welcome the following new members to our organization:

David Bros	Tony Kartes
Geoffrey Cooke	Thomas Klauser
Chester Daniel	Don Patterson
	Ken Remer

A few photos from this year's Parade of Model Boats on June 12th

A group photo of this year's participants - too numerous and fuzzy to mention them all.

PARADE REVIEW - 1994

by John Bishop

Thanks to the EMYC membership for your support and assistance in making the '94 Parade of Model Boats another successful event. It was nice to have such a good turnout and I'm sure all of those who attended enjoyed it. Everyone looks forward to this event every year and this was no exception.

A special thanks goes to the City of Edina for the use of the Centrum building and the adjoining park facilities on Sunday, June 12. Tom Shirley and Barb Peterson have always been there to help us out and provide both administrative and financial help where needed. If you see them around the Centrum building sometime let them know you appreciate the support.

Also, the following club members were very instrumental in helping to prepare and make our show complete: **Jim Smith** for his steadfast dedication in overall planning and help in product donations, indoor display organization, and the printing of signs and name tags. **Paul Olsen** and help with the indoor display and the manufacture of boat display signs. **Ralph Peter** for advertising and promotion of the Parade event. His continual contact with the general public, local businesses, and the media (he may now have his own desk at the WCCO studios) all provided us with increased exposure. **Tom Young** and his assistance to Ralph Peter. **Bob and Sherre Lund** and their supervising of the membership table. The cooperative team of **Gary Phillips** and **Jeff McCabe** in the production of the EMYC shirts in short notice. **Suzy Phillips** (wife of Gary Phillips) and her stitching and sewing craftsmanship as seen in our membership table cover. **Jeff McCabe** again for schedule of events planning and overall suggestive input. **Bill Bach** for the always polished and professional verbal skills that make our club always look better. **Doug Campbell** and his organized newsletter format that passed along informative and descriptive news about our show.

We have tried to preserve the main focus of this event from year to year. The focus is to entertain the general public but equally important, to provide an enjoyable and rewarding afternoon of running for the members of the Edina Model Yacht Club. We feel that the Parade show is getting better and more organized every year. With your individual debriefs and comments hopefully it will only continue to get better.

John Bishop-Event Coordinator

"EEEE"

by Jim Smith

Take a look on your July Calendar for the 17th. NO, it's not an announcement for the latest EMYC horror show. It is. However, the first ever "EVERYBODY'S EASY ELECTRIC EVENT".

Jeff McCabe and Gary Phillips have requested that an all electric boat affair be added to the calendar. Composition of the EEEE is not firm at this writing, but we do know that docks and a obstacle course will be placed in the South Pond. Precision Steering, Conning, Speed Trials, and a Poker Run are possible, along with all of the open running you might want.

Let me emphasize that all members are encouraged to attend this first ever all electric event. Even if you only own a sailboat, please come out and enjoy the fun. Helpers will be needed and kibitzers will be welcomed! Jeff and Gary first thought that "Rock 'em, Sock 'em and Sink 'em" would be an appropriate name for the event, so it does sound like it will be fun! Keep that Sunday afternoon open, Jeff and Gary want everybody to show up with Every boat they own. Be prepared to discuss this event at our next meeting.

Editors Note: Latest rumors have it that infamous Pepsi hydroplane driver Steve Sponson has escaped from the Betty Ford Clinic and is headed for Edina. We should all keep our eyes and ears open.

PARADE OF MODEL BOATS 1994

by Jim Smith

If you were unable to attend this year's Parade, you missed a grand event. Membership participation was excellent, with at least 45 troops either putting in an appearance, or spending the entire day at the event. Since all of the boats were not on display at one time, an accurate count was difficult, but just prior to noon, we had 43 sailboats, 44 electric, and 3 steam powered boats on static display in the Centrum building.

In addition to John's list of member workers, I would certainly be amiss if I did not also thank a couple of non-members. Jamie Westrich spent the better part of the day at the membership table distributing our new, club logo shirts, and my bride, Corinne put in six hours of volunteer work handing out name tags, and boat ID cards and also assuring that attending member's names found their way into the raffle box. Thank you very much, ladies!

My purpose herein is to mention the donors to the event. Please remember their participation when you plan your next radio control or kit purchase! All items were distributed by drawing to those members who participated in the Parade. This listing is in no particular order and reflects more the sequence in which gifts were received, not on the value thereof.

Jim Smith, EMYC

CLUB RACER SERIES RACING MAY RESULTS

by Tony Johnson

The May series included seven races. Twenty members participated during the month with the average turnout per race of ten boats. The results of each month's series will be accumulated to season totals.

Everyone is welcome to participate in either series racing at the North pond or open sailing and pickup racing at the South pond. We hope to see all members participate in the racing program. Your skill level doesn't matter. The more you sail, the better you will become which will increase your enjoyment of the sport. "Pick-up" races and casual sailing is scheduled at the South pond on all nights that the club is on the water including scheduled race nights on the North pond.

Anybody who would like advice or assistance with tuning, tactics, or right-of-way rules should contact Tony Johnson, Rear Commodore.

The EC-12, Marblehead and CR-914 classes have scheduled racing in July. Please contact Gene Sigversten, Steve Rusk, Ralph Peter or Tony Johnson for information on racing for these classes. There may be racing organized during June which is not on the schedule.

Race Results: May, 1994 Fairwinds

Place	Name	Points
1	Mike Flanagan	81.5
2	Tony Johnson	83
3	Ralph Peter	89.75
4	Jim Bolen	98.25
5	Mike Trutwin	108.25
6	Joel Hanson	108.75

FAIRWIND UPDATE-

The club would like to thank Dick Kjellberg for the time and effort he donated to the club in building the Hub Hobby Fairwind. It was completed in time for the Parade of Model Boats where it was sailed by several members. It will be available in our loaner program along with the 'Fast Photo' and 'Two Guys' Fairwinds. These boats will be available on loan to visitors who are interested in getting the feel of sailing and possibly joining the club. Any member wishing to have a friend use one of these boats should contact any of the officers.

NEWSLETTER NEWS

by Doug Campbell

I would like to thank a few members for getting our monthly issues out in a big way. This has really become a group effort, which is great to have, and a big relief for me. My free time has been cut exponentially by the sudden increase in projects to my wife and I's home publishing business.

Jim Smith has been invaluable in providing 'printer-ready' informative and entertaining articles which I can simply paste in place - saving a ton of time and effort on my part. This month, the Calendar of events for June and July was done by Jim on his home MAC. Jim also gets the newsletter printed and ready to mail out to the members on time.

John Bishop also provides those same types of 'printer-ready' articles. And obtains the needed dated material for the month - along with joining Jim in getting the newsletter printed and distributed.

Without these two people, this newsletter would have a hard time keeping afloat. Thanks again!

My apologies to Mr. Jim Martin of **Hobby Lobby International, Inc.** who so generously donated three (3) \$7.00 gift certificates to the Parade. I inadvertently dropped that gift from my listing. Sorry, Jim! *Jim Smith, EMYC*

MEMBERSHIP RENEWAL

If you are a member from last summer and wish to renew for our June 1st 1994 to May 31st 1995 season, please do so now. The general membership list and membership cards will be printed towards the end of July. Also, our monthly Sail and Scale mailing list will be cleaned up at that time and will reflect only the currently active group.

You can use the enclosed membership registration form and send a check in the amount of \$20.00 (\$10.00 youth) to The Edina Model Yacht Club, Centennial Lakes Centrum Building, 7499 France Avenue South, Edina Minnesota 55435.
